COMPLAINT

Plaintiff, Daniel D. Hogan, through his counsel, for his Complaint as against Aetna Life Insurance Company says as follows:

1. Plaintiff resides in the City of Clawson, County of Oakland, and State of Michigan.

2. WPP Group USA, Inc., is an advertising and marketing agency doing business in the State of Michigan, County of Wayne.

3. WPP Group USA, Inc., sponsors a health care benefit plan ("Plan") which is an "employee welfare benefit plan" as defined in the Employee Retirement Income Security

Act of 1974 ("ERISA") § 3(3), 29 USC 1002(3), and an "employee welfare benefit plan" as defined in ERISA § (3)(B), 29 USC 1002(2)(A).

4. Plaintiff is an employee of WPP Group USA, Inc, a Plan participant, or a Plan beneficiary.

5. WPP Group USA, Inc., is the "plan sponsor" of the Plan within the meaning of ERISA § 3(16)(B), 29 USC 1002(16)(B).

6. Upon information and belief, WPP Group USA, Inc., is the Plan administrator and therefore a "fiduciary" of the Plan within the meaning of ERISA §3(21)(A), 29 USC 1002(21)(A).

7. Defendant is a service provider to the Plan that pre-certifies medical services for Plan participants, adjudicates claims submitted by Plan participants and claims administrator to the Plan.

8. In administering claims under the Plan, Defendant exercises discretion and control when providing information to participants during the pre-certification process and exercises discretion and control over the Plan when interpreting the Plan to approve or deny a claim.

9. When providing pre-certification information, Defendant is required to provide complete and accurate information.

10. When adjudicating claims, Defendant is required to follow the terms of the governing Plan documents.

11. Defendant is a "fiduciary" of the Plan within the meaning of ERISA § 3(21)(A), 29 USC 1002(21)(A).

12. Venue is proper in this Court under 29 USC 1132(e) because the Plan is administered in this district, Defendant conducts business in this district, and Plaintiff resides in this district.

13. Plaintiff has a history of multiple surgical excisions and tissue rearrangements for right upper extremity vascular malformation in childhood. He has developed progressive right upper extremity lymphedema with increasing frequency of right upper extremity cellulitic episodes. Despite compression therapy and use of a pneumatic pump he has continued to have upper extremity swelling and requires antibiotic suppression therapy.

14. In October 2015 and December 2015, Plaintiff was examined and underwent testing at the Cleveland Clinic.

15. According to the Cleveland Clinic and Dr. Graham S. Schwarz, M.D., Department of Plastic Surgery, on lymphoscintigrapy his right upper extremity reveals pooling of tracer activity in his right forearm consistent with lymphatic obstruction causing delay. Magnetic resonance imaging shows focal retraction of the skin and subcutaneous tissue on the anterolateral aspect of the proximal upper arm consistent with scarring. Within the volar subcutaneous space of the proximal forearm and throughout much of the anterolateral upper arm there are characteristics imaging representing a combination of scar, focal area of edema and interspersed venous malformation. Further impressions were of serpiginous structures anterior to the elbow.

16. Plaintiff suffers from recurring and debilitating cellulitis infections.

17. After evaluation and assessment, Dr. Graham S. Schwarz, M.D., Department of Plastic Surgery recommended right arm scar revision and lymphaticovenous bypass.

19. On or about November 20, 2015 Dr. Schwarz was advised that Defendant refused to authorize the procedures he recommended and for which he sought pre-service authorization.

20. On April 19, 2016, Plaintiff filed an appeal of Defendants denial of pre-authorization ("Level 1 Appeal").

21. On May 27, 2016, Defendant denied Plaintiff's Level 1 Appeal stating that an "Aetna medical director" reviewed the letter of medical necessity and that (s)he considers the procedures recommended by the Cleveland Clinic and Dr. Schwarz to be "experimental and investigational."

22. According to Defendant's Level 1 Appeal denial letter, Plaintiff's Level 2 appeal was due within 60 calendar days (or August 6, 2016).

23. On July 14, 2016, Plaintiff, through his designated representative, requested Defendant to provide the following:

> "1. A copy of the complete Plan Document;
>
> 2. The Summary Plan Description provided to Mr. Hogan's employer.
